

Dear Hiring Team,

My name is Zaher Osman, and I am pleased to submit my application for the **Supervisor of Events** at **Red Sea Global**.

I bring over **15 years of leadership experience** across hospitality and large-scale residential operations in Saudi Arabia, supporting workforces serving **15,000+ residents** and hospitality operations of **450+ rooms**. My experience includes leading **recruitment, onboarding, training, performance management, and employee engagement**, while ensuring compliance with labor regulations, safety standards, and brand policies across high-demand environments.

My extensive background in managing large events and diverse communities has prepared me well to develop and deliver impactful outreach programs that foster trust, transparency, and meaningful engagement. I have worked closely with residents, community leaders, luxury hotel partners, service partners, and internal teams to understand needs, address concerns, and build long-term relationships that support both community well-being and organizational goals.

I would welcome the opportunity to contribute to **Red Sea's vision** by strengthening community partnerships, enhancing public awareness of company initiatives, and ensuring that community voices are meaningfully integrated into development strategies.

**Kind regards,**

Zaher Osman
