Jeddah, Saudi Arabia

P: +966 555179456 | Website: <https://zaherosman.vercel.app/> | E: zaher_osman@hotmail.com

EXECUTIVE SUMMARY

Senior Residential & Hospitality Operations Leader with 20+ years of international experience leading large-scale residential compounds, workforce communities, and luxury hospitality operations. I specialize in transforming complex, multi-service operations into high-performing, well-governed environments across accommodation, facility management, hospitality services, and community operations. With 20 years in Saudi Arabia, I have driven operational excellence across flagship developments including NEOM, Aramco-affiliated Petro Rabigh, and luxury brands such as Hilton and Waldorf Astoria. I have led 15,000+ resident communities, 400+ room hospitality operations, and multi-million SAR asset portfolios across industrial parks, consistently delivering 95%+ SLA compliance, operational efficiency, and cost optimization in demanding giga-project environments. I bring deep expertise in operational governance, KPI-driven performance, and service excellence within high-density, multicultural settings, with a track record of elevating resident experience and strengthening organizational performance. I also lead strategic communication initiatives, including high-reach community publications such as The SUNRISE at NEOM and PETRO NEWS at Petro Rabigh, enhancing engagement, identity, and stakeholder alignment.

Focused on complex, high-impact projects where operational excellence drives livability, performance, and long-term asset value.

WORK EXPERIENCE

Qumreya Operations & Maintenance/Burooj Consulting

Director of Operations

Jeddah, Saudi Arabia

May 2026- Present

Operations and strategy consultant supporting Qumreya O&M and Burooj Consulting across their project portfolio, covering facility management, hospitality, manpower, and logistics. I advise on project delivery and feasibility while leading business development, finding high-value clients and projects and building the partnership network behind the company's pipeline.

- Provide operations and strategy consulting across the company's active projects, including facility management, hotel renovation, manpower allocation, and logistics planning.
- Lead business development by identifying, approaching, and securing major clients and projects to grow the company's pipeline.
- Build partnership networks that position the company to represent client portfolios, including hospitality operators with multi-site hotel projects.
- Advise on hotel renovation projects across scope, operational planning, and service standards.
- Support manpower allocation and logistics strategy to match resourcing with project demand.
- Contribute feasibility assessments and market-entry input for prospective projects and clients.

NEOM

Senior Resident Relations and Facilities Specialist

Tabuk, Saudi Arabia

April 2024 – April 2026

Overseeing resident and asset operations across 4+ NEOM communities (Community 1, Community 2, OXAGON, TROJENA), managing stakeholder relations, service delivery, and operational coordination.

- **Directed operations across 4+ NEOM** communities serving 15,000+ residents, overseeing services, facilities coordination, and stakeholder alignment
- **Acted as senior point of contact** between operations teams, service providers, and leadership for community-wide performance
- **Generate operational KPI reports** and insights for senior management on resident satisfaction trends and service performance
- Implement resident feedback mechanisms and quality assurance processes to drive continuous improvement in service delivery
- Coordinate with Facilities Management, Security, HSE, and service providers to resolve resident issues and operational escalations
- Respond to problems and concerns, implementing policies, rules, and regulations
- Leveraged digital service platforms, reporting systems, and data-driven insights to monitor performance, optimize service delivery, and support executive decision-making.
- Created and published “THE SUNRISE”, NEOM Operations’ first official KPI communications report, enhancing transparency and performance alignment across Community & Corporate Services.

Rabigh Refining & Petrochemical Company (Petro Rabigh – Aramco affiliated)

Head of Tenant Asset Operations & Services

Rabigh, Saudi Arabia

October 2020 – March 2024

Led day-to-day operational activities across multi-million SAR property assets for Aramco-affiliated technology park, ensuring service excellence, tenant satisfaction, and alignment with stringent quality standards.

- Directed operational planning for large-scale industrial park properties, maintaining 95%+ service level agreement compliance
- Established and managed vendor relationships with 15+ PlusTech Park Companies, ensuring adherence to pre-defined quality criteria
- Led department coordination across multiple business units including (Quality, Safety, Technology, Compliance) to ensure efficient operational workflow
- Ensured that all statutory compliance requirements are met through HSE & Risk Insight
- Implemented emergency response protocols and safety assurance measures across all park facilities
- Conducted regular inspections to ensure properties met/exceeded safety and service standards

Rabigh Refining & Petrochemical Company

Head of Community Recreation, Facilities, & Operations

Rabigh, Saudi Arabia

May 2008 – October 2020

Managed annual operational and engagement budgets while ensuring residential recreational facilities meet Health and Safety Standards (HSS) and aligned with the company’s vision. Integral member of the Petro Rabigh Community Management Team, supporting residential operations for 5,000+ residents by translating strategic objectives into scalable programs, events, and services.

- Developed and implemented community engagement strategies supporting resident satisfaction and service delivery
- Led community recreation **operations** coordinating between 5,000+ residents and property management teams
- Prepared and implemented annual **operational** budget plans with clear service and engagement objectives
- Coordinated large-scale community programs supporting residential integration and effective amenity utilization
- Launched **PETRO NEWS**, a structured internal reporting and communication platform consolidating service updates, resident insights, and operational KPIs
- Led cross-departmental awareness campaigns (Safety at Home, GCC Traffic Week, Petro Rabigh Recycles)
- Utilized technology platforms to enhance resident communication and service coordination
- Implemented and maintained Housing Office SOPs and controls

Hilton Hotels & Resorts

Recreation Manager

Jeddah, Saudi Arabia

April 2006 – April 2008

Responsible for development, operation, and programming of Sports & Leisure Department for 5-star luxury hotel property Hilton and Qasr Al Sharq, ensuring the highest service levels for members, visitors, and hotel guests. Led recruitment, training, and development for new Hilton hires.

- Developed and executed comprehensive training programs for department team members to maintain service standards
- Promoted and marketed Sports & Leisure Department, coordinating with stakeholders to develop successful cost-efficient activity programs
- Implemented all health & safety systems and procedures in compliance with Hilton regulatory requirements
- Led spa operations at sister property (Qasr Al Sharq, Waldorf Astoria Collection)
- Managed day-to-day spa operations and staffing, ensuring ambitious service standards

Alyarz Leisure Club

Director of Operations

Beirut, Lebanon

July 2004 – April 2006

- Oversaw all recreational operations for prestigious Middle East leisure facility including spa, pools, water sports, kids club, indoor/outdoor sports
- Developed and edited "IN TOUCH" quarterly newsletter
- Managed spa operations including training, staffing, recruitment, and market analysis
- Developed innovative sales strategies and membership revenue growth initiatives

Energia Fitness Club Beirut, Lebanon

Director of Operations

Beirut, Lebanon

November 2002 – July 2004

- Developed and implemented comprehensive Club Operational Manual covering all operational procedures
- Designed and executed advertising campaigns and marketing initiatives
- Recruited and trained staff to promote high levels of customer care
- Managed daily operations including staff supervision, member services, facility maintenance, and quality standards
